ORGANIC RED RASPBERRY SEED OIL

Conventional Red Raspberry Seed Oil is also available.

Suitable for cosmeceutical applications.

INCI: Rubus idaeus (Red Raspberry) Seed Oil

Method of Extraction: Cold Pressed

Shelf Life: 2 Years

Origin: USA

Background:

Organic Red Raspberry Seed Oil highly sought after for use in innovative personal care products. This remarkable oil is recommended for inclusion in body and facial creams, eye creams, lip products, hair care products and sun care formulations where emollience, conditioning and high EFA content are desired.

Organic Red Raspberry Seed Oil is gaining increasing attention by cosmeceutical manufacturers and the spa and aromatherapy industries due to its significant content of nutritive components including essential fatty acids and antioxidants. It is an extremely stable lipid that has redefined performance and stability standards for oils rich in essential fatty acids.

Natural Sourcing's superior quality, unrefined, extra virgin Organic Red Raspberry Seed Oil is carefully sourced and packaged to maintain the purity, freshness and beneficial properties of this remarkably nutritive, cold pressed oil.

Cosmeceutical Uses:

Organic Red Raspberry Seed Oil is highly moisturizing and emollient. It possesses an exceptionally high proportion of alpha and gamma tocopherols (Vitamin E), polyphenols and other antioxidants. It is also rich in Vitamin A and contains up to 83% omega-3 and omega-6 fatty acids. Organic Red Raspberry Seed Oil has more pronounced anti-inflammatory properties than avocado, grapeseed, hazelnut and wheatgerm oils and may prove to be the most effective oil to use in the treatment of eczema, psoriasis and other skin conditions (Oomah et al 2000). Its high content of Vitamin A makes it a good choice for inclusion within acne formulations. Organic Red Raspberry Seed Oil also offers the skin broad spectrum protection from damaging UV-A and UV-B rays. It can be added to any formulation to add protection against the sun. The SPF of red raspberry seed oil has been found to be equal to that of titanium dioxide and has been rated to have an SPF as high as 28-50 (Oomah et al 2000). Its strong antioxidant properties and stable shelf life can help to extend the life of more fragile ingredients included within the same formulation.

Organic Red Raspberry Seed Oil is Perfectly Suited for the Following Personal Care Applications:

- Moisturizers
- Anti-Aging Products
- Sun Care Products
- Hair Care
- Nail Care
- Lip Care

Organic Red Raspberry Seed Oil Properties:
