JAMAICAN BLACK CASTOR OIL
Suitable for beauty and personal care applications.

INCI: Ricinus Communis (Castor) Seed Oil
Method of Extraction: Please See Background Section
Shelf Life: 3 Years
Origin: India

Background:
For centuries, Jamaican Black Castor Oil has been claimed to be the secret to thick, luxurious, shiny hair.

Though extracted from the same castor seeds as pale pressed castor oil, Natural Sourcing Jamaican Black Castor Oil is authentically produced by roasting the castor seeds prior to grinding and then boiling them to extract the dark oil. Roasting the seeds increases the ash content and lends a rich, dark hue to the oil. No solvents or chemicals are used to produce Natural Sourcing Jamaican Black Castor Oil.

After production, Natural Sourcing Jamaican Black Castor Oil is then carefully packaged and stored to maintain the purity, freshness and beneficial properties of this nutritive oil.

Uses:
With its unique composition that includes omega essential fatty acids, Natural Sourcing Jamaican Black Castor Oil nourishes the scalp while supporting healthy hair growth. It is suitable for all hair types including chemically treated and heat damaged hair. Jamaican Black Castor Oil helps restore moisture balance to dry, brittle and damaged hair, leaving it shiny and manageable.

Natural Sourcing Jamaican Black Castor Oil is a highly versatile oil that may also be used as a rich, emollient oil for dry, chapped skin or as a rejuvenating massage oil. It is suitable for use in leave-in or rinse-off hair conditioners, moisturizing balms and other intensive moisturizing formulations.
